

Jarrettsville Lions Club Membership Plan
2008-2009

1. "Join Us Become a Lion" is put on our professional, well lighted sign, with the membership chair's phone number. The sign is located on Rt.23 in Jarrettsville at our carnival grounds.
2. Contact new residents of the community by checking recent land transfers by mail, phone and in person and invite them to a meeting with a special program.
3. Every current member of the club will make an effort at least once a year to bring a potential member to a meeting.
4. Displays of literature with Lions present at tables at the local Community Days at PNC Bank, North Harford High School Homecoming Festival, our fruit sale distribution days, Atlantic Tractor Spring Sale Day and our annual carnival.
5. Posters at local businesses with Lion's information and contacts.
6. Good old fashioned word of mouth, talk up Lionism at public events, to family members and friends because the general public is not educated about Lionism and what we do locally, nationally or global.
7. We also conduct an orientation program once a year to educate new members and renew interest with some of the older members focusing on Retention.
