## District Governor's Message

I hope everyone is staying safe and warm during this treacherous January. Remember, you have to take care of yourself first before you can take care of others.

We have good news on our leadership front. Cutting to the chase, Zone Chair Narayan Khakurel of the Baltimore Nepalese Lions is now our Second Vice District Governor. Our Honorary Committee of past district governors met January 18th and unanimously recommended to Lions Clubs International that Nara be installed in the position. He is also past president of the Baltimore Nepalese Lions. LCI immediately approved our recommendation. Nara will fill the remainder of the term, ready to move up to First Vice District Governor in July.

That solves our vacancy problem for a few months, and we are already on the hunt for next year's Second Vice District Governor. This is a prime opportunity for Lions to step up to move through the leadership ranks and gain valuable training along the way. The future of our organization depends on fresh faces who want to lead us to bigger and better things.

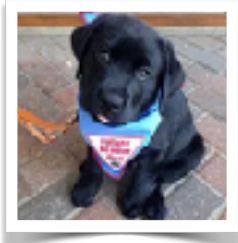

Switching gears real quick to a Good Housekeeping tip: If you are having problems accessing or working with the Lions Portal, check your browser. This came up last month at my Linthicum Club. Our secretary could no longer make service entries. We called Tech Support at LCI, where the first question was, "What browser are you using?" Our answer was Safari. He asked if we could try Chrome. That made the difference, and we were good to go again. So if you are having access problems of your own, see if a different browser helps.

Speaking of reporting service, in our March Insights we'll include guidance from LCI about criteria for reporting service activities – what qualifies and what does not. It gets down in the weeds, but answers a lot of questions, certainly for me. So, that's coming to a newsletter near you.

# HARFORD COUNTY LIONS TRAIN GARDEN

For the third consecutive year, the Harford County Lions Clubs, led by the Lion Gunther of the Churchville Lions, teamed up to host the holiday train garden at Brooms Bloom Dairy in Bel Air. Teams from several clubs hosted each weekend from Thanksgiving to New Years Day.

The centerpiece section this year was redesigned to lower it for wheel chair accommodation. In addition, many interactive scenes were added so guests could push buttons to light up activities.

The teams hosted 1896 visitors and received approximately \$2000 in donations. All donations from guests will go toward improvements in the train garden for next year.

*Churchville Lion Fred Gunther worked with several youth volunteers to set up the train garden.*

*Darlington Lion Joe Foltz spent many hours setting up the train garden.*

The train whistle on the wall is always a big hit with the visitors.

## CHURCHVILLE LIONS HIGHLIGHTS

### Lions Helping Lions in North Carolina and Tennessee

Churchville Lion Fred Guenthner always enjoys the time he spends on vacation in Boone, North Carolina. So, when Hurricane Helene wreaked havoc in Boone, he and wife, Yvonne, looked for a way to help.

They reached out to the Boone Area Chamber of Commerce, as well as the Boone Area Lions Club, and learned that chain saw supplies were desperately needed.

In no time, they were headed back to Boone, with chain saw supplies totaling \$674, provided by the Churchville Lions Club. Lion Fred was arranging to deliver these items personally, to the sites where they were needed.

King Lion Roger Bodo of The Boone Area Lions Club introduced Lion Fred to Harold Stophel, Team Leader of Helping Hands Firewood Ministry. They provide split fire wood to local families in need for heating and cooking with wood, filling a critical demand. They work with the local Hunger and Health Coalition to vet applicants. Since the hurricane, demand has jumped substantially. There still are some small localized areas without power and running water, and the area just had its first overnight snow.

Next, Lion Fred then traveled to Trade, Tennessee and delivered the rest of the chainsaw supplies donated by Churchville Lions Club, to the ZRC Aid Station. This North-East part of Tennessee was hard hit, and some areas are still without power and water. A lot of folks lost everything to the flooding. The ZRC Aid Station is helping with every day necessities and things that will help get folks back on their feet. The Center was happy to receive the donations. Terry Olson, of Zionville NC happened to be there looking for a 20-inch chain, so he was very happy to be the first recipient of the Churchville Lions Club donation.

# DARLINGTON LIONS HIGHLIGHTS

## Harford County Lions Train Garden

The lead-up to the holidays is one of Darlington’s most intense times for community service. The club staffed the Harford County Lions Train Garden at Broom’s Bloom in Bel Air over a 3-day weekend. Ten club members worked shifts over the weekend of December 13th to 15th that helped bring the joy of Christmas to 419 visitors while raising \$451 in donations to support the maintenance and upgrading of the train garden. Special recognition goes to Darlington Lion Joe Foltz, a model train enthusiast, who worked more than 150 hrs in the months leading up to the display opening to prepare it for the public and spent the entirety of the 3 days serving as the oversight “Conductor.”

*The Harford County Lions Train Garden awaits the arrival of the public. Lion Alberta Porter, principal at Darlington Elementary School, gets ready to greet kids at the Harford County Lions Train Garden.*

*Whether playing with the old trains in the hands-on display, operating a train controller, or pushing buttons to activate 1 of the display’s 21 motion & lighting features, the kids had fun!*

### Club Adopts Families for Holiday Cheer

A week prior to Christmas, the club adopted 34 families, comprised of more than 125 individuals, and provided each a traditional Christmas meal (turkey, stuffing, potatoes, vegetables, pumpkin pie) and a \$100 grocery card. Families were identified by local elementary schools, churches, and shift shops. More than \$5000 in food and gift cards were purchased and distributed. Additionally, the club accepted toy donations that were then made available to the families to help bring a little Christmas cheer to their children.

The Darlington Lions look forward to continuing to serve our community in 2025.

*The "Toy Store" is ready for receipts to choose gifts for their children. The food baskets await the addition of the milk, butter, and pumpkin pie to be given with a turkey to the recipients.*

## LCIF DONATIONS FOR HURRICANE RELIEF

Fellow Lions,

I hope you are in good health and high spirits. As members of the Lions Club, we have always been committed to serving our communities and those in need, no matter what the challenge. Today, I am reaching out to you with an urgent request to support disaster relief efforts in the wake of Hurricanes Helene and Milton, which recently made devastating landfall, leaving countless families without homes, basic necessities or access to crucial services.

The destructive force of these storms has left entire communities in shambles, with many struggling to rebuild their lives from the ground up. As you may know, natural disasters such as hurricanes cause immediate damage, but the recovery efforts that follow can last months or even years, requiring resources that many affected regions simply don't have.

This is where Lions Clubs International Foundation (LCIF) steps in. LCIF has a long-standing history of providing critical support to disaster-stricken areas. Through its Disaster Relief Fund, LCIF assists in funding essential supplies, temporary housing, food and medical aid to those most impacted. The Foundation also supports long-term rebuilding efforts, ensuring that entire communities can restore what they have lost and regain a sense of normalcy.

- Since September 27, LCIF has awarded 10 Emergency grants totaling \$150,000 for hurricane relief across Florida, North Carolina, South Carolina, Georgia, and Tennessee. We are still working with Lions in additional districts that are assessing needs, and we anticipate additional grant funding will be awarded soon. Lions in these districts are using Emergency grants first, and then will assess if additional LCIF funding is needed.
- In addition to these 10 Emergency grants, LCIF has also awarded 2 Major Catastrophe grants. Multiple District 35 (Florida) and Multiple District 31 (North Carolina) were each awarded Major Catastrophe grants for \$100,000 each. Lions are working to develop a plan to use these funds.
- As of today, LCIF has awarded 12 grants totaling \$350,000 for US hurricane relief.

When hurricanes or other disasters strike, LCIF is there – on the front lines of recovery – thanks to the generous donations from Lions clubs like ours. By contributing to the disaster relief efforts, we uphold our mission of service and demonstrate the strength of our global network. Every dollar we donate goes directly toward helping those affected by these tragedies, providing hope where it is needed most.

Now more than ever the victims of Hurricanes Helene and Milton need our support. I urge you to consider donating to LCIF's Disaster Relief Fund. Together, we can make a profound difference in the lives of those who are suffering and show the world that Lions are always ready to lend a helping hand when disaster strikes.

Thank you for your continued dedication to service and I am confident that, as always, the Lions of District 22C will rise to this call for action. Please send your contributions to me, made out to LCIF. If individuals want to contribute, include their checks. I will make sure that both the club and the individual receive Melvin Jones credit. I have a contact at LCIF that will see that our donations go directly to Donor Services and don't sit in a large mailbox waiting to be processed!

Together We Serve,

PDG Kelley

## CELEBRATING OUR FOUNDER WITH SERVICE

In the month of January, we take time to remember our founder, Melvin Jones. “We Serve” as individuals, clubs, and districts because that’s who we are. Take a look at your club activities and outline your service projects for the new year while thinking back to our roots.

### Who Was Melvin Jones (excerpt from LCI)

Melvin Jones was a dreamer, a doer and a pragmatist. He was an energetic, extroverted salesman who in private hours would reread Shakespeare. What better man to found the world’s largest association of service clubs?

The Lions International Board of Directors officially designated Jones as the founder of Lions Clubs in 1958—more than four decades after Lions Clubs held its first meeting. But, no matter what his official title, Jones’ impact on the Lions has been far-reaching. He provided the leadership, the organizational ability, the tenacity and the muscle necessary to establish the foundation for Lions Clubs International to become what it is today.

Jones was born on Jan. 13, 1879, at Fort Thomas, Arizona, a remote U.S. Army cavalry post where his father was a scout for the Army. At age 7, Jones’ family moved east and settled in Illinois. Gifted with a fine tenor voice, he considered making his career in music. Instead, he became an insurance salesman.

By 1913, Jones had formed his own insurance agency in Chicago. When he joined a networking luncheon club for businessmen in Chicago called the Business Circle, he quickly took the lead in recruiting new members and persuading backsliders to rejoin. But something about the club’s business-only focus didn’t square with Jones’ different, larger vision.

As Business Club secretary, Jones, with help from his wife—the championship golfer Rose Amanda Freeman—wrote scores of letters to clubs nationwide inviting them to take up his idea for a service-centered organization. Businessmen interested in membership convened in Chicago, Illinois, and on June 7, 1917, Lions Clubs International was born.

Jones was a prolific writer who could be clear and forceful on some occasions, and sentimental the next. His hand can be seen in founding documents like the Lions Clubs Objects and Code of Ethics. His columns in LION Magazine, which are still quoted today, helped articulate the organization’s principles and values.

Jones gave up the insurance business in 1926 to become Lions’ de facto CEO and global goodwill ambassador. He played both roles brilliantly—building and managing an expanding headquarters operation and travelling constantly for club visits and speaking engagements. The pace never stopped. Lion Melvin passed away at his home on June 1, 1961, at the age of eighty-two years.

## CELEBRATING OUR FOUNDER WITH SERVICE

### What is a Melvin Jones Fellowship?

That question is best answered in terms of individuals whose lives have been enriched by humanitarian projects. Projects made possible by donations to Lions Clubs International Foundation (LCIF) for the Melvin Jones Fellowship Program.

The fellowship, which was created in 1973, takes its name from the founder of Lions Clubs International (LCI), Melvin Jones. It is an honor – not an award. The Fellowship was established as LCIF's highest form of recognition to acknowledge an individual's dedication to humanitarian service.

- Fellowship donations are largely responsible for successfully launching the Lions' aggressive global attack on preventable and curable blindness – the LCIF SightFirst program.
- Fellowship donations, combined with other unrestricted gifts, provide funding for constructing and equipping medical facilities. These projects are often designed to benefit disadvantaged and underserved populations.
- Fellowship donations support vocational assistance programs that teach skills for disabled persons, giving them an opportunity to live productively and independently.
- Fellowship donations help fund reconstruction projects following major disasters.
- Fellowship donations have been used to provide homes for children with special needs and homes for the elderly.

...and the list of humanitarian projects goes on.

Individuals become Melvin Jones Fellows in several ways:

- ✦ When any individual, Lions Club, or district donates \$1,000 to LCIF for a Melvin Jones Fellowship, an inscribed plaque and a lapel pin are presented to the specified individual. It is not a requirement that the humanitarian so honored be a Lion. Donations must be identified as applying toward a Melvin Jones Fellowship at the time they are submitted.
- ✦ Any individual, Lions Club, or district may choose to donate unrestricted funds in increments of at least \$100, over a five-year period. When contributions total \$1,000, an individual named by the donor(s) becomes a Melvin Jones Fellow.
- ✦ For a gift of \$1,000, a Melvin Jones Fellowship may be given to honor the memory of a deceased individual. When a fellowship is registered posthumously, LCIF sends an appropriate plaque in the deceased's name, and a lapel pin, to the individual designated to receive them, usually a family member.
